RECOGNITIONS

Celebrating Exceptional Work

The Southern California Unit Based Team (UBT) Reward & Recognition program continues to encourage teams to improve care experience for our patients and families. This program started in 2008 to motivate our inpatient teams to improve performance, share and spread best practices. This year, the focus was on Nurse communication-*RN Explained things understandably*.

This is a quarterly program for our Med Surg and Maternal Child Health UBTs, with two annual award opportunities: our “Sustain Award” which recognizes the highest performance on *RN explained things understandably* for a rolling 12 months, and our “Most Improved Performance Award” which recognizes improved performance on this dimension from the previous performance year. We are pleased to announce the following winning UBTs.

Moreno Valley MCH Sustain, Highest Performing & Most Improved Award Winning UBT

West LA 2A Med Surg Med/Surg

Fontana 6 North Most Improved Med/Surg Award Winning UBT

Quarter 1 Highest Performing Teams
